

BIELLA PUMP DISPENSER

Shimmering with subtle opalescence, this mouth-blown glass reveals hints of color with every glance. It's our fresh contemporary take on the rich tradition of pearalized glass, first popularized in the iconic designs of Louis Comfort Tiffany and Rene Lalique. To create the special effects, our artisans deftly control the heating and cooling of the glass as each piece is formed. Made in Italy. Please be aware that tiny bubbles may randomly appear within an item. This is part of the handmade nature of our production and is not considered defective.
