General Description

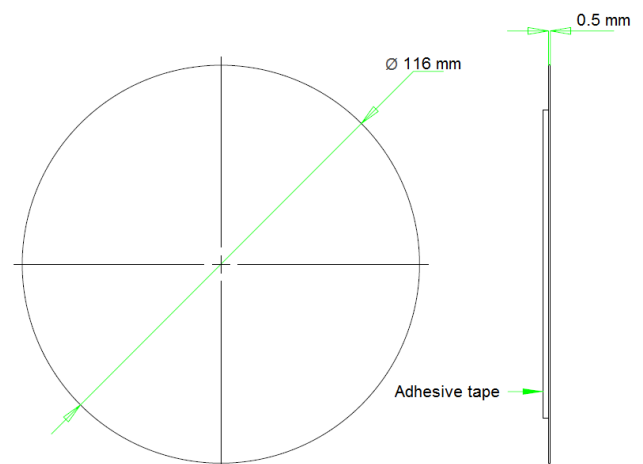

- The Signage range from Mediclinics is made of stainless steel, 0.5 mm thick and the subject is embossed in black on the stainless steel.
- They are designed to cover all typical types of washrooms found in a public environment, such as gyms, shops, campsites, restaurants and many others.
- The stainless steel AISI 304 construction protects the product against rust and ensures quality and longevity.
- The signs are all circular and have a diameter of 116 mm and they are fixed to the wall by means of a double side tape.
- Robust and vandal-proof.
- Easy to clean
