UNIQUE OUTDOOR LIGHTING & HEATING

DOME by HEATSAIL

*No better background scenery for a nice long
conversation than a sultry summer night.*

*Why don't we just make it a
little warmer and lighter outside,
so those summer nights can last forever...*

DOVE TIMELESS LIGHTING AND HEATING FOR YOUR TERRACE

HEATSAIL PRODUCTS ARE DESIGNED AND MADE IN BELGIUM

LIGHT

When it gets darker you turn on the light. You can easily dim the light with the remote control. The light can be used with or without the heating.

DOME by HEATSAIL

HEAT

When it gets chilly just turn on the integrated heating. Discrete far-infrared heating elements give you the most pleasant warmth. Control your surrounding temperature with our 2 heat settings, low and high for all those cosy spring or autumn days and nights.

Technical information

Rust-free weatherproof

The DOME collection is made of high quality materials such as aluminium and stainless steel, making it suitable for outdoor use.

Low energy usage, zero CO2 emission

The DOME collection uses less energy than the traditional gas heaters. Because the DOME collection is 100% electric, it doesn't emit CO2 and has a low energy consumption of only 3.22 kWh.

Low maintenance

By using highly efficient and durable ceramic heating elements, combined with the best materials, the DOME collection is virtually maintenance free.

Reach & glow

Up to 5 meters reach. Comfortable warmth without a red glow.
