

Features

- Includes face plate with handle.
- Single handle controls flow to outlets.
- Cross handle.
- When used with K-728 Series MasterShower diverter valves, handle controls flow to two or three outlets individually or any two outlets at a time.
- When used with K-737 Series MasterShower diverter valves, handle controls flow to two or three outlets individually or only one outlet at a time.
- 360 degree handle rotation with three-outlet operation.
- 120 degree handle rotation with two-outlet operation.
- Complements the Margaux® faucet and accessory collections.

Material

- Valve (not supplied) can be configured on site for two or three outlet operation.
- Premium material construction with metal handle ensures reliability and durability.
- KOHLER finishes resist corrosion and tarnishing.

Installation

- Trim set requires valve to complete installation (sold separately).
- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in.
