### Technical Information

All product dimensions are nominal.

### Handshower:

Rated maximum flow: 1.75 gal/min (6.6 l/min)

### Notes

Install this product according to the installation instructions.

Plumbing codes require approved backflow prevention devices to be installed in-line to handshowers. Please consult with local plumbing officials.

Mount the slidebar to stud framing or install backing support. For tile or other solid finish surfaces: Pre-drill mounting holes through surface material only; do not drill into the stud. For drywall surface: No pre-drill is required.

ADA, OBC compliant when installed to the specific requirements of these regulations.
