

## BURLESQUE OVALOIDE

DESIGN GIORGIO SILLA

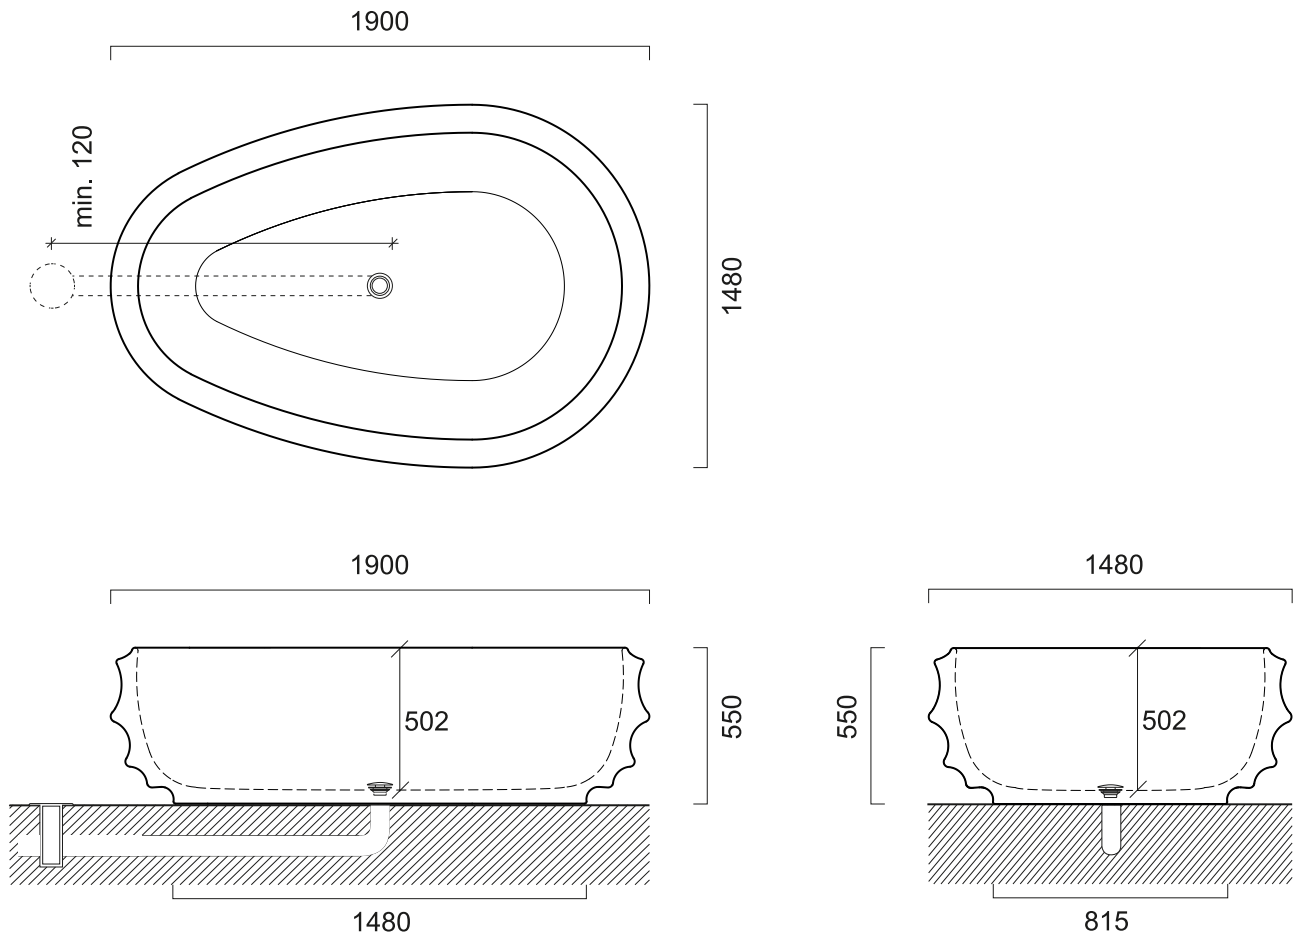

## BURLESQUE OVALOIDE

art. BURLESQUE VCP 02

Vasca centro stanza in PIETRA, ricavata da un unico massello, completa di piletta.

Free-standing bathtub in stone, obtained from a single excavated solid, plug included.

Kg 980

**Si consiglia la realizzazione di un pozzetto ispezionabile esterno al di fuori del perimetro della vasca, il più vicino possibile alla piletta di scarico**

We recommend to realize an external inspectable catch basin outside the perimeter of the bathtub, as close as possible to the drain.
