

483

The image shows two technical drawings of a vertical component. The left drawing is a side view showing a long vertical bar with a total height of 483 units. The bar has a width of 73 units. At the top and bottom, there are rectangular protrusions. The right drawing is a front view showing a vertical bar with a total height of 460 units. The bar has a width of 45 units. At the top and bottom, there are rectangular protrusions, each containing two small circles representing holes. The distance between the centers of these two holes is 22 units. The overall width of the component is 73 units.
