REF_5912

El perfil formal de Aire&Star está basado en la clásica manufactura del trenzado de cestos y la estructura que dibuja el perfil de los molinos de viento. Aspectos que aunados otorgan aire su característica estética quijotesca, sencilla a la par que espléndida. Líneas de inspiración arquitectónica, entrelazadas en el espacio de manera libre y abierta, alrededor de un eje central. Un conjunto de líneas aleatorias que aportan a la Aire&Star su característico dinamismo y ligereza visual.

The formal profile of "Aire&Star" is based on the basic manufacturing of baskets' braiding with an structure that draws the profile of windmills. Aspects , which united, contribute to Aire's characteristic Quixotesque aesthetics, simple as well as splendid. Architecture-inspired lines, openly intertwined in space, evolving into a central axis. A complex of random lines that provide its characteristic dynamism and visual lightness.
