## FINITURE / technical features

### SISTEMI VASCA LAVABO lineare / lato corto / frontale

**top :** Corian® GW, Makril, vetro lucido, vetro satinato, legno termotrattato TT, marmo, ecocemento

**rivestimenti:** Corian® Glacier White; vetro lucido; vetro satinato; legno termotrattato TT, makril, marmo, ecocemento, touch

### BATHTUB – WASHBASIN SYSTEMS linear / short side / frontal

**top :** corian® gw, makril, polished and satined glass, termoteatred wood TT , marble and eco cement

**claddings:** corian® gw, makril, polished and satined glass, touch termotreated wood TT , marble and eco- cement

### SISTEMA LINEARE\_OPEN

**top:** Corian® Glacier White, marmo,  
**rivestimenti:** Corian® Glacier White, marmo,  
**vano giorno:** laccato opaco

### LINEAR SYSTEM\_OPEN

**top:** corian® glacier white, marble  
**claddings:** corian® glacier white, marble,  
**open rack:** matt lacquered

### RIVESTIMENTI

in base alla tipologia i lati contro muro NON SONO RIVESTITI.

### CLADDINGS

according to the typology, the wall sides are unclad.

### ZOCCOLO

Le finiture di serie dello zoccolo sono:

sistema	Corian® Makril ecocemento vetro lucido vetro satinato legno tt: marmo touch	zoccolo	Corian® Makril laccato opaco acciaio acciaio acciaio laccato opaco

### BASE

the standard finishes for the base are:

system	corian® makril ecocement polished glass satined glass tt wood marble touch	base	corian® makril lacquered wood stainless steel stainless steel stainless steel stainless steel lacquered wood

Su richiesta sono possibili abbinamenti diversi fra le finiture di collezione

On request it is possible to combine differently standard finishes

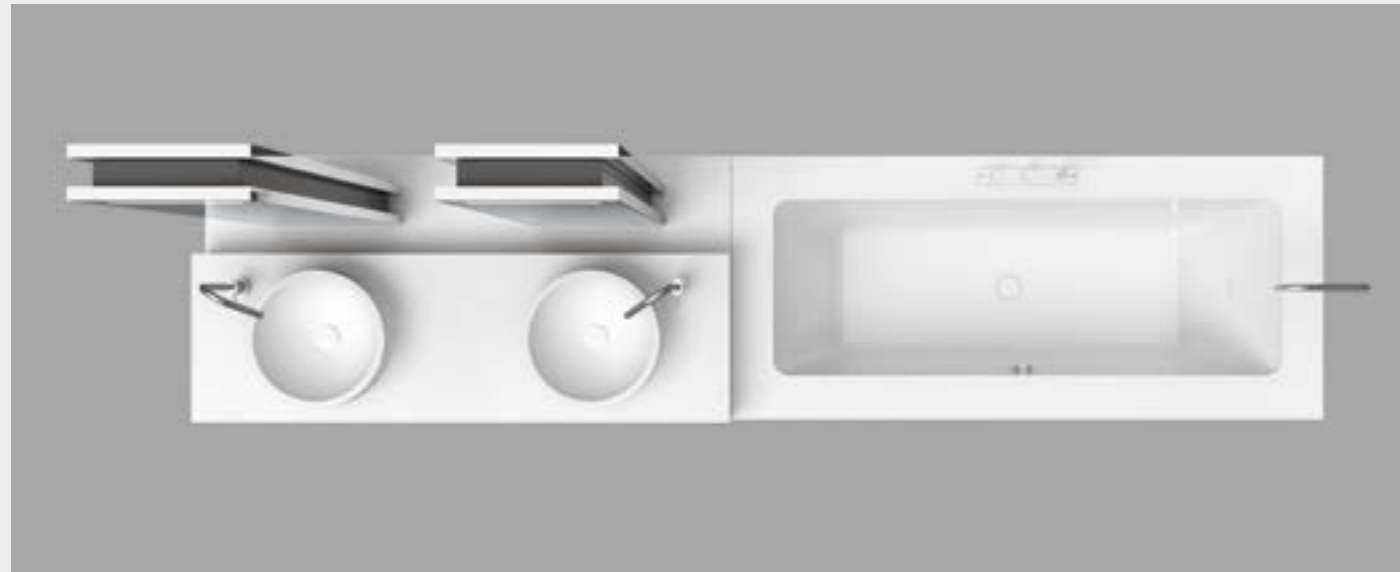

### FINITURA INTERNA MOBILE

legno nobilitato canapa, finitura laccato opaco a richiesta

### INNER CABINET FINISH

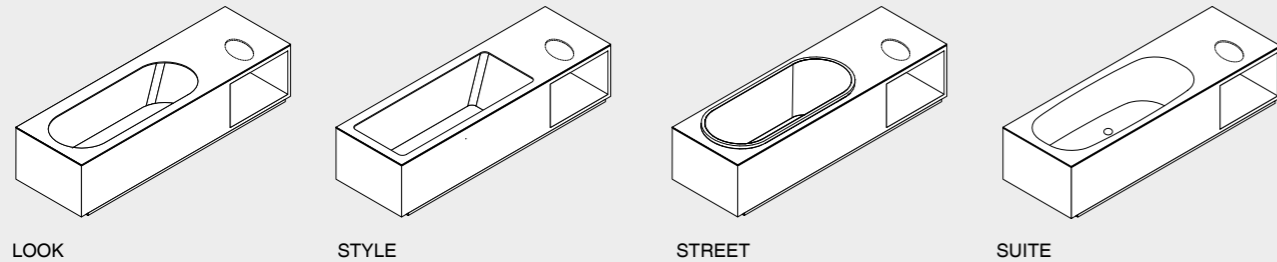

melamine wood hemp finish, matt laquered finish on request

## SPECIFICHE TECNICHE / technical features

### SISTEMA STANDARD:

<b>dimensioni</b>		
lunghezza sistema	260 / 300 / 340 cm	
profondità sistema	80 cm	
altezza vasca con zoccolo	62 cm	
mobile contenitore	80 / 120 / 160 cm	

**telaio**  
telaio strutturale in alluminio

**SISTEMI SPECIALI**  
è possibile realizzare composizioni a misura in lunghezza utilizzando il modulo speciale di compensazione posizionato tra vasca e lavabo ( cfr. pag 289)

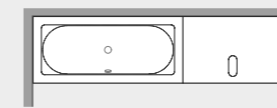

### STANDARD SYSTEM

<b>size</b>		
system's lenght	260 / 300 / 340 cm	
system's depth	80 cm	
bathtub's height with base included	62 cm	
cabinet	80 / 120 / 160 cm	

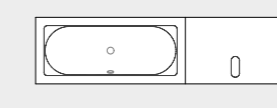

**frame**  
aluminium structural frame

**SPECIAL SYSTEM**  
it's possible to produce made-to- measure compositions (on lenght only) adding a special compensation module placed between bathtub and washbasin ( see pag 289)
