FEATURES

Automatic waste fitting	The waste-fitting with round remote knob is supplied; a practical accessory which makes it unnecessary to get wet in order to drain the water from the bowl.
Basket 3,5" waste fitting	The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts. The 3.5 "drain allows the use of the Foster waste-disposer, compatible with all models.
Deep bowls	This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capiciency and practicity in all the washing operations.
Double mixer hole	The large tap counter is already fitted with a series of 2 tap holes. In the second hole it is possible to install the remote control of the automatic drain or, alternatively, a practical soap dispenser.
High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
three-step system	An ingenious design that makes it simple to use a large set of optional accessories. On the topmost supporting step, the innovative Black grids slide, creating a large and practical surface to rinse food and crockery. The second step is meant to support and allow the sliding of a complete combination of accessories, which make some operations practical and safe: rinse, drain, slice, grate... everything can be done inside the sink. The new Black grids strongly characterize aesthetics and functionality. Hygienic, with great lightness, resistance and ease of cleaning, they are also 100% ecological, a respectful choice for nature and the environment that surrounds us.
