

## Sink Happy Hour Gun Metal - 1049 856

Sinks

Code: 1049 856

### DETAILS

Coloring Gun Metal

---

Texture Satin

---

Finish PVD

---

Material AISI 304 stainless steel

---

Edge/Installation Type Undermount

---

Dimensions 1236x503 mm

---

Standard fittings Fixing hooks, gasket, drain, overflow and siphon, boxed packing

---

Mixer holes No standard holes

---

Built-in hole 1185x477 mm

---

Drainer No

---

Width 123.6 cm

---

Bowl dimension 1185x400 mm

---

Number of bowls 1 bowl

---

Waste fitting 3,5" drain

---

## EQUIPMENT

1 x Black Grid 8100 600  
1 x Bamboo chopping board  
8200 002

---

## FEATURES

**Gun Metal** The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

---

**Diamond-shape bottom** The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow.

---

**High thickness** 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

---

**Triple recess - sliding accessories** The Foster Milano sink has an ingenious design that makes it simple to use a large set of optional accessories. On the topmost supporting step, the innovative Black grids slide, creating a large and practical surface to rinse food and crockery. The second step is meant to support and allow the sliding of a complete combination of accessories, which make some operations practical and safe: rinse, drain, slice, grate... everything can be done inside the sink. The third supporting step is on the bottom of the bowl. On this step one can rest the Black grids, making it possible to rinse foodstuffs without their coming in contact with the bottom of the sink, which may be dirty.

## Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

## TECHNICAL DATA

## Happy Hour Optional accessories / Accessori opzionali

The "rails" system makes it possible use a combination of numerous accessories. Grids, chopping boards, utensils' ranging system, bowls and containers of different dimensions can be alternated in the workspace with a simple gesture, and can easily be stacked, in order to be on hand at all times.

Il sistema di "corsie" rende possibile l'utilizzo combinato di innumerevoli accessori. Griglie, taglieri, portautensili, vaschette e contenitori di varie dimensioni si alternano nella zona di lavoro con un semplice gesto e possono essere impilati, sempre a portata di mano.
