PRODUCT DATA

# BUTTLER® ASH RECEPTACLE

PRODUCT DATA

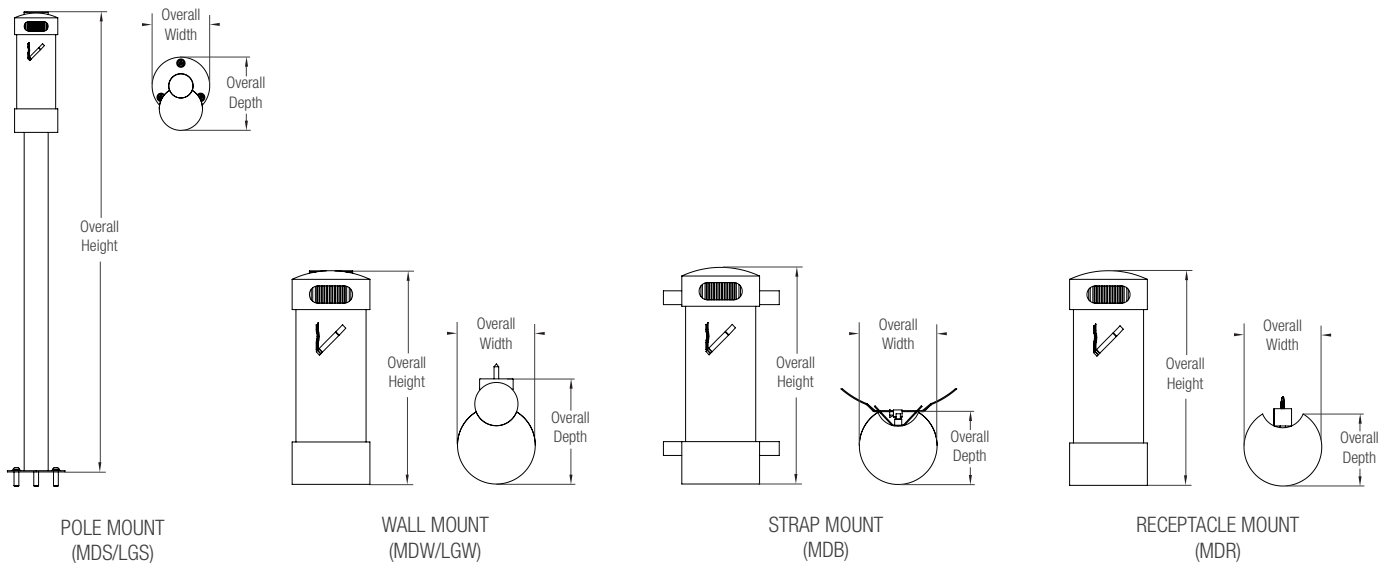

**Buttler Ash Receptacles** acknowledge society's changing views towards smoking by offering an aesthetic and discreet solution for the disposal of cigarette butts. Unlike exposed-sand containers, the Buttler conceals discarded cigarettes, keeping the unsightly well out of sight. Buttlers are made for easy servicing and include an internal gasket to inhibit smoldering.

## MATERIAL & CONSTRUCTION DETAILS

## INSTALLATION & MAINTENANCE

BODY	FINISHES	INSTALLATION	MAINTENANCE
<ul style="list-style-type: none"> <li>Cylinder is made of extruded aluminum with two cast aluminum end caps with powdercoat finish.</li> <li>A grooved inner wall assists in extinguishing cigarettes and discourages the placement of litter inside.</li> <li>The cigarette graphic is applied in either white or black depending on cylinder color.</li> </ul>	<ul style="list-style-type: none"> <li>See the Forms+Surfaces Powdercoat Chart for details. Custom RAL colors are available for an upcharge.</li> <li>Due to the nature of metal castings, gloss powdercoats are not offered for cast components.</li> </ul>	<ul style="list-style-type: none"> <li><b>Pole mount:</b> Surface mounted 48" (1219 mm) high pole with 2.5" (63 mm) diameter includes mounting plate.</li> <li><b>Wall mount:</b> Tubular stainless steel bracket allows Buttler to be mounted to walls or other vertical surfaces.</li> <li><b>Strap mount:</b> Stainless steel bracket system allows Buttler to be attached to existing lampposts, street signs or similar vertical supports (medium Buttler only).</li> <li><b>Litter &amp; recycling receptacle mount:</b> A special bracket is available that allows Buttler to be attached to the side of Forms+Surfaces' Urban Renaissance Litter &amp; Recycling Receptacles. Prep must be specified at the time of order (medium Buttler only).</li> </ul>	<ul style="list-style-type: none"> <li>Surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Stains or spotting from cigarettes may be removed using a biodegradable cleaner such as Simple Green. Avoid abrasive cleaners.</li> <li>The bottom end casting incorporates a key-operated security latch to prevent unauthorized access. When unlocked, the cylinder can be lowered and removed for emptying.</li> </ul>
