

Cooker hob Urban 7006 082

Cooker hobs

Code: 7006 082

DETAILS

Finish Foster brushed

Material AISI 304 stainless steel

Texture Satin

Supply 220-240 V; 50.60 Hz

Edge/Installation Type Standard (8 mm Edge)

Dimensions 890x510 mm

Base size 90cm

Heating element Five burners

Built-in hole 805x480 mm

Grids Cast iron grids and enamelled burner covers

Width 89 cm

Total power 11.300 W

Auxiliary 1.000 W

Semirapid 2x1.750 W

Rapid 3.000 W

Triple crown 3.800 W

Safety Safety valve with quick-acting thermocouple

Ignition Electric ignition under knob

Gas type Tested for installation with natural gas, LPG nozzle set included.

Type Gas Hob

FEATURES

Cast iron grids Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

Safe cooking All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

Special burners

Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.

Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
