### LEGS

#### Material

Aluminum

#### Finish

Polyester powder coating

### TABLE TOP

#### Material

#### Iroko Wood

#### Dekton Porcelain 10mm

**Hpl Compact 10mm.:** Solid phenolic core laminate. HPL and Dekton for its self has supporting capability, resistance to humidity, strength and dimensional stability. Resistant to cigarettes burns, staining, chemicals and abrasion.

### PAINTING COLORS

#### Powder coating colors

More than 15 available p. coating colors in our Bivaq current catalog.

### ADDITIONAL ITEMS

Waterproof cover

### MAINTENANCE

#### Powder coating aluminum and Dekton

Clean the surface regularly with warm water and neutral soap.

#### Iroko wood

Use a non-abrasive sponge or cloth.

Rinse with plenty of water immediately after cleaning.

Iroko may change color or even crack due to humidity levels and sudden changes in temperature. Iroko undergoes a natural process of oxidation that affects its color, which turns a silver-grey shade. Iroko furniture is treated with a waterproof sealant. We recommend treating the wood twice a year:

1. Dampen a rag with soap solution and gently wipe the surface of the wood. The soap solution will free the surface of dust and contaminating agents from pollution.
2. Once the soap solution has dried we will proceed to the application of the Cromaprotect water based re-toner. Dampen a sponge with the re-toner and apply onto the surface of the wood you want to treat.

### BOX WEIGHT-VOLUME

24 Kg. (compact) / 25 Kg. (iroko) / 31 Kg. (dekton) - 0,48m<sup>3</sup>

### OTHERS

Suitable for outdoor use. Resistant to weathering and sunlight

### COUNTRY OF ORIGIN

Designed and Manufactured in Barcelona, Spain
