

BASKETWEAVE PUMP DISPENSER - POLISHED NICKEL

Designer Roger Thomas interprets the classic basketweave pattern in crystal, giving it a new dimension: the light filtering through each piece becomes a part of the design. These mouth-blown, hand-cut pieces are very difficult to produce, requiring artistry at the cutting wheel and meticulous finishing. Made in Italy. Please be aware that tiny bubbles may randomly appear within an item. This is part of the handmade nature of our production and is not considered defective.
