

## Hood New Sky 100 inox 2522 100

Hoods

Code: 2522 100

### DETAILS

Material	Stainless steel
Texture	Satin
Energy class	A+
Ceiling – false ceiling distance	min 200 mm / max 280 mm
Full description	New Sky 100 stainless - Ceiling suction hood
Grease filters	2 grease filters
Operation	Suction hood (filtering modality not available)
Cut out	
Air exhaust hole	230x80 mm

Motors Brushless

---

Air flow rate 930mc/h

---

Motor power 85W

---

Hood type Ceiling suction hood

---

Type of commands Remote control

---

Suction speed 4 operating speeds

---

Notes: Fume exhaust ducts must have an internal diameter not lower than 120 mm

---

## FEATURES

360° swiveling motor Swiveling motors are flexible systems that allow an easy installation, in any situation.

---

Auto delayed shutdown All the models with electronic interface can be programmed to turn off the suction at a postponed moment, so as to prolong the aeration of the room even after the cooking has been completed.

---

Brushless motor State-of-the-art Brushless motors allow high air flow rates while maintaining a low energy consumption. Furthermore, they have an almost never-ending duration.

---

Perimetric aspiration The perimeter suction is a feature common to many Foster hoods. The filters are hidden by steel- or crystal plates and the suction occurs along their perimeter. This has aesthetic advantages but also functional ones: the cleaning is easier, the suction power and noise-level are improved. The depression which occurs in the perimeter area facilitates in fact the suction of the particles composing the fumes.

---

Remote control The ceiling suction systems and the Maya hoods are equipped with a remote control to easily activate all their functions from any position.

---

## TECHNICAL DATA

## OPTIONAL ACCESSORIES

Active charcoal refill for Long Life filter 9700 904

Grid for plinth gray color 9700 539

Horizontal 15° Corner connector - rectangular section 9700 536

No-return valve 9700 538

Professional Long Life charcoal filter 9700 903

Rectangular/round adapter 9700 537

White connector - rectangular section 9700 533

White flexible tube with rectangular section 2541 000

White Horizontal 90° Corner connector - rectangular section 9700 534

White tube - rectangular section 9700 532

White Vertical 90° Corner connector - rectangular section 9700 535
