Materiali naturali
→ I nostri prodotti vengono ricavati, tramite lavorazioni artigianali, da interi blocchi in pietra. Ogni singolo pezzo può presentare venature, differenze di tonalità, intrusioni minerali, avvallature, stuccature dovute a caratteristiche naturali del marmo. Tali caratteristiche sono la conferma dell'utilizzo di materiali naturali e che non possono dare adito a contestazioni.

Natural material
→ Our products are hand carved from stone blocks, each presenting diverse looks from the variety of veins to colours. Due to the natural features of the stone, every piece can present vein and colour variations, mineral intrusions or stucco filling-work. Such characteristics are proof of the actual use of natural material, than cannot be subject to any claim.
