

We are Studiotools. Our brand is our focus. We make tools for studios. Our mission is to supply those who shape the future – with the tools to create, share and grow ideas.

Fast

You need neither tools nor special knowledge. Thanks to consistent lightweight construction and self-explanatory functions, everything can be set up, adapted and disassembled by one person in no time at all.

Mobile

Everything is on wheels - or so light that it can be easily carried. Even an entire Design Thinking Set with 15 Studioboards can be easily moved (also through doors) by one person.

Ultra Compact

1m² is enough to store 15 Studioboards, 6 Cubes, 2 Easels, 2 Toolboxes plus all the accessories you need. Enough to transform every room into a creative and collaborative workspace.

Multi-functional

With Studiotools you have countless options with just a few products. Most products combine several functions in one.

DESIGN THINKING SET
Everything what innovation teams
need – on less than 1m²

STUDIOBOARDS
Ultralight, supermatt
and quiet whiteboards

STANDING TABLE
On wheels with a small storage shelf,
to hold everything that is not in use

CUBE
Stand, stool
and shelf.

TOOLBOX
For all the little things you
need within easy reach

TROLLEY
Fits through doors,
stores up to 30 boards

WALL RAILS
Fast and
exchangeable

CONNECTOR CLIPS
Magnetic, fast &
flexible connectors

EASEL
Portrait and landscape in one
– on wheels
