MATTRESSES & FRAMES

— MATERIALS AND PADDINGS FOLLOWING AND SUPPORTING THE BODY MOVEMENTS

Un approccio diverso al divanoletto, il passaggio da prodotto di servizio a icona del design. Fin dai suoi esordi Bodema reinterpreta in modo radicale il trasformabile. Una libertà di pensiero che nasce dalla capacità di individuare le tecnologie più avanzate. Di importanza cruciale i meccanismi che, tutti rigorosamente Made in Italy, vengono ingegnerizzati a misura del progetto e utilizzano da sempre materiali e accorgimenti innovativi. Il risultato è l'estrema fluidità di movimento nel passaggio da divano a letto e viceversa, insieme alla perfetta tenuta e affidabilità. Bodema seleziona con grande cura anche reti e materassi. Per questi ultimi l'azienda si avvale dell'esclusiva collaborazione con il marchio Simmons, all'avanguardia nei sistemi di molleggio, a garanzia della migliore qualità del dormire. Nella configurazione divano le sedute sono generose, accoglienti e di design. Linee, materiali, imbottiture seguono e sostengono con intelligenza i movimenti del corpo.

A different approach to the sofabed, the transition from a functional product to a design icon. Since the very beginning Bodema has been reinterpreting radically the convertible sofa. A freedom of thought that comes from the ability to find out the most advanced technologies. Mechanisms are of crucial importance and absolutely made in Italy. They are engineered to fit each model by using innovative materials and devices. The result is the greatest fluidity of motion when switching from sofa to bed and viceversa, together with the highest reliability. Bodema selects with utmost care even springs and mattresses. For mattresses the company has an exclusive collaboration with Simmons brand, leader supplier of pocket springs systems, ensuring the best sleeping comfort. In the sofa configuration, the seats are wide, comfortable and of refined design. Shapes, materials and paddings follow and support the body movements.

Eine andere Herangehensweise an das Schlafsofa, der Übergang von einem Service-Produkt zu einer Design-Ikone. Von Anfang an interpretierte Bodema das Schlafsofa radikal neu. Eine Gedankenfreiheit, die sich aus der Fähigkeit ergibt, die fortschrittlichsten Technologien zu nutzen. Von entscheidender Bedeutung sind die Mechanismen, die alle grundsätzlich in Italien mit hohem Qualitätsanspruch hergestellt werden, und immer mit qualitativ hochwertigsten Materialien und innovativem Ansatz gefertigt werden. Das Ergebnis ist die extrem fließende leicht Bewegung mit der das Sofa zum Bett und umgekehrt verwandelt wird. Stabilität und Zuverlässigkeit. Bodema wählt die Mechaniken und Matratzen sorgfältig aus. Für letztere nutzt das Unternehmen die exklusive Zusammenarbeit mit der Marke Simmons, die an der Spitze der Federsysteme steht, um die beste Schlafqualität zu gewährleisten. Bei der Nutzung als Sofa ist die Sitzpolsterung großzügig, einladend und optisch durchdacht gestaltet. Linien, Materialien und Polsterung folgen und unterstützen die Bewegung des Körpers mit Intelligenz.

Une approche différente au canapé-lit, la transition d'un produit de service à une icône du design. Depuis ses débuts, Bodema réinterprète radicalement le convertible. Une liberté de pensée qui découle de la capacité à identifier les technologies les plus avancées. Les mécanismes qui, tous rigoureusement fabriqués en Italie, sont manufacturés sur mesure pour le projet et utilisent depuis toujours des matériaux et des dispositifs innovants, sont d'une importance cruciale. Le résultat est l'extrême fluidité des mouvements lors du passage du canapé au lit et inversement, ainsi que l'élasticité et la fiabilité. Bodema sélectionne également avec soin les sommiers et les matelas. Pour ces derniers, la société bénéficie de la collaboration exclusive avec la marque Simmons, à la pointe des systèmes à ressorts, pour garantir la meilleure qualité du sommeil. Dans la configuration du canapé, les sièges sont généreux, accueillants et design. Les lignes, les matériaux, les rembourrages suivent et soutiennent les mouvements du corps avec intelligence.

Другой подход к раскладной мебели, переход от утилитарной мебели к предмету дизайна. С самого начала Bodema радикально переосмысливает раскладной диван. Свобода мыслей исходит от возможности определять самые передовые технологии. Важнейшее значение имеют механизмы качества made in Italy. Механизмы идеально подходят к каждой модели фабрики, они изготовлены из инновационных материалов и компонентов. Результатом является высочайшая надежность и максимальная плавность движений при трансформации дивана в кровать и наоборот. Также Bodema с особой тщательностью подбирает базы под кровати и матрасы. Что касается последнего, компания имеет эксклюзивное сотрудничество с брендом матрасов Simmons, который является передовым в области карманных пружинных.

沙发床的另一种诠释方式, 从功能性产品到设计图标的转变。从一开始, Bodema就从根本上重新诠释了可折叠沙发。它从最先进技术的能力中获得思想自由。100%意大利制造。通过使用创新的材料和设备, 它们被设计成万能产品。无论从沙发转换到床还是从床转换到沙发都有很大的灵活性。Bodema 精心挑选弹簧和床垫。对于床垫, Bodema 与袖珍弹簧系统的领先供应商席梦思品牌进行了独家合作, 确保最佳睡眠舒适性。在沙发配置中, 座椅宽敞, 舒适且设计精致。形状, 材料和衬垫跟随并支撑身体运动。

FUNCTIONALITY

— COLLECTION OF CONVERTIBLE SOFAS COMBINING
CONTEMPORARY DESIGN AND COMFORT

Disegno, forma e funzione. Una collezione di trasformabili che unisce design contemporaneo e comfort. Linee, dettagli e materiali assicurano ergonomia e relax in entrambe le configurazioni, divano e letto, seguendo e sostenendo con intelligenza i movimenti del corpo.

Design, comfort and functionality. A complete collection of convertible sofas combining contemporary design and comfort. Shapes, details and materials make sure ergonomics and comfort in both sofa and bed configuration, adapting themselves to body movement.

Design, Form und Funktion. Eine Bettsofa-Kollektion die modernes Design mit Komfort verbindet. Alle Materialien, Formen, jedes Detail entspricht höchster Ergonomie und Komfort, sowohl in der Sofa-, als auch in der Bettposition und sichert so Entspannung bei jeder Bewegung.

Design, forme et fonction. Une collection de convertible qui allie design contemporain et confort. Les lignes, les détails et les matériaux assurent l'ergonomie et le relax dans les deux configurations, canapé et lit, suivant et soutenant les mouvements du corps avec intelligence.

В коллекции диванов-кроватьей соединяются современный дизайн и высокий уровень комфорта. Линии, детали и материалы обеспечивают максимальную эргономику и комфорт в обеих функциях, и как диван, и как кровать, с точностью отражая минимальные движения тела

设计、舒适和功能性
完整的组合沙发系列，结合了现代设计和舒适感。形状、细节和材料满足沙发和床配置的人体工程学和舒适性，适应身体运动。

BEDFORD DESIGN STUDIO RES

Divano trasformabile in letto. Struttura in legno rivestita in poliuretano espanso. Seduta in poliuretano espanso D35. Schienali in poliuretano espanso a quote differenziate D22 + D25. Rete a doghe. Schienali con vano portaguanciaiale. Materasso SIMMONS a molle insacchettate H 13 cm e lungo 200 cm. Ingombro totale divano letto aperto 220 cm. Piedi in metallo finitura Manganese. Divano completamente smontabile.

Sofabed. Wooden structure covered with polyurethane foam. Seat cushion in D35 polyurethane foam. Back cushions in polyurethane foam with D22 + D25 space weight. Wooden slats spring. Backrest with pillow storage unit. Orthopedic coil springs mattress cm 13 thick and cm 200 long. Metal feet in Manganese finishing. K.D. model, (sofa can be totally disassembled on need).

Schlafsofa mit Lattenrost. Holzrahmen verkleidet mit Polyurethanschaum. Sitzkissen aus Polyurethanschaum D35. Rückenkissen aus Polyurethanschaum mit verschiedenen Dichten D22 + D25. Magazin hinter den Rückenkissen. 13 cm hohe Flexlinea Taschenfederkernmatratze, 200 cm lang. Gesamttiefe in ausgezogenem Zustand: 220 cm. Metallfüße lackiert in mangan-grau. Völlig zerlegbares Sofa.

Canapé convertible. Structure en bois revêtue en polyuréthane expansé. Coussin assise en polyuréthane expansé D35. Coussins dossier en polyuréthane expansé avec différente masse volumique D22 + D25. Sommier en lattes. Matelas Flexlinea à ressorts ensachées H 13 cm, longueur cm 200. Encombrement totale du canapé lit ouvert: 218 cm. Canapé complètement démontable.

GEORGE DESIGN STUDIO RES

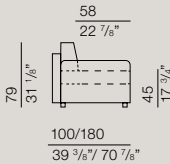

Divano trasformabile in letto. Struttura in legno rivestita in poliuretano espanso. Seduta in poliuretano espanso D35. Schienali in poliuretano espanso D18. Rete metallica elettrosaldata. Meccanismo con apertura mediante rotazione. La trasformazione si realizza con un solo movimento senza rimuovere i cuscini della seduta e dello schienale. Materasso SIMMONS a molle insacchettate H13 cm e lungo 200 cm. Il piano trasversale fa di George il meccanismo ideale per qualunque spazio ristretto ove non fosse possibile l'apertura del divano nel senso longitudinale. Ingombro totale divano letto aperto 180 cm. Divano completamente smontabile.

Sofabed. Wooden frame covered with polyurethane foam. Seat made of D35 polyurethane foam. Backrest in D18 polyurethane foam. Weldmesh spring. Opening by rotation without removing seat and back cushions. Orthopedic coil spring mattress cm 13 thick and cm 200 long. The revolved sleeping surface between armrests makes George the ideal solution for smaller rooms. When opened, total depth: cm 180. K.D. model, (sofa can be totally disassembled on need).

Schlafsofa. Holzrahmen verkleidet mit Polyurethanschaum. Sitzpolsterung aus Polyurethanschaum D35. Rückenkissen aus Polyurethanschaum D18. Nach elektrisch geschweißter Mechanik. Ausklappmechanismus durch Drehung. Man klappt das Bett nur mit einer Bewegung aus. 13 cm hohe Flexlinea Taschenfederkern-Matratze, 200 cm lang. Gesamttiefe im ausgezogenem Zustand: 180 cm. Völlig zerlegbares Schlafsofa.

Canapé convertible. Structure en bois revêtue en polyuréthane expansé. Coussin assise en polyuréthane expansé D35. Coussins dossier en polyuréthane expansé avec D18. Sommier à mailles électrosoudées. Mécanisme avec ouverture pivotant. On peut convertir le canapé en lit avec un seul mouvement, sans enlever les coussins assise et dossier. Matelas Flexlinea à ressorts ensachées H 13 cm, longueur cm 200. Encombrement totale du canapé lit ouvert: 218 cm. Canapé complètement démontable.
