NATURAL WOOD

Il ROVERE è un'essenza di legno dalla venatura accentuata che, con la sua tonalità matura, trasmette una bellezza intramontabile, perfetta per ogni tipologia di arredamento, dal classico al moderno, passando per il contemporaneo.

Scegliere le creazioni L:A:S in MDF impiallacciato ROVERE, significa avere la consapevolezza di prediligere un materiale naturale, apprezzandone anche eventuali nodi e le naturali variazioni cromatiche delle venature, che sono da considerarsi un valore aggiunto e non imperfezioni.

L'essenza ROVERE è disponibile in due finiture:

- NATURAL WOOD: un velo opaco e trasparente, con cui portare all'interno dei propri spazi la calda atmosfera del legno e della natura.
- GREY WOOD: una tinteggiatura manuale per soddisfare il gusto di chi ama le tonalità del grigio, senza rinunciare al calore del legno.

Le creazioni L:A:S in essenza ROVERE sono complementi d'arredo irrinunciabili per chi vuole arredare con sobrietà i propri spazi, portando con sé l'inconfondibile fascino artigianale Made in Italy e tutta la raffinatezza della migliore tradizione Bon Ton.

Per prendersi cura delle creazioni L:A:S realizzate nell'essenza ROVERE è sufficiente:

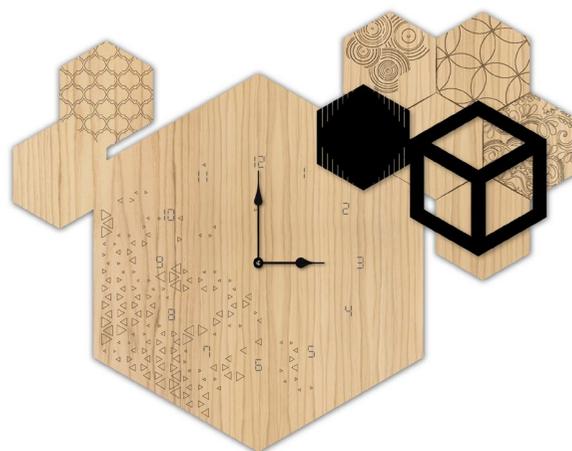

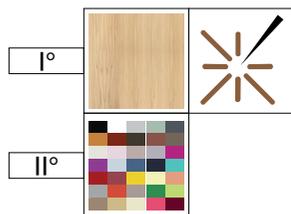

1. evitare l'esposizione alla luce diretta del sole;
2. pulire con un piumino antipolvere e/o delicatamente con un panno umido, asciugando la superficie con cura.

E-VOLUTION

La linea Orologi E-volution è la prima collezione LAS realizzata interamente con una visione eco-sostenibile.

Ogni articolo di questa linea è stato pensato, progettato e realizzato con lo scopo di ridurre al minimo l'impatto ambientale in ogni sua fase.

L'effetto 3d realizzato utilizzando un solo pannello, ha fatto in modo di minimizzare sprechi di materiale e riducendo il peso dell'oggetto, diminuiscono le emissioni in atmosfera che derivano dal trasporto.

Inchiostri a basso impatto ambientale per la stampa digitale e, l'utilizzo di vernici a base acqua per le finiture, evitano l'immissione nell'ambiente di sostanze inquinanti.

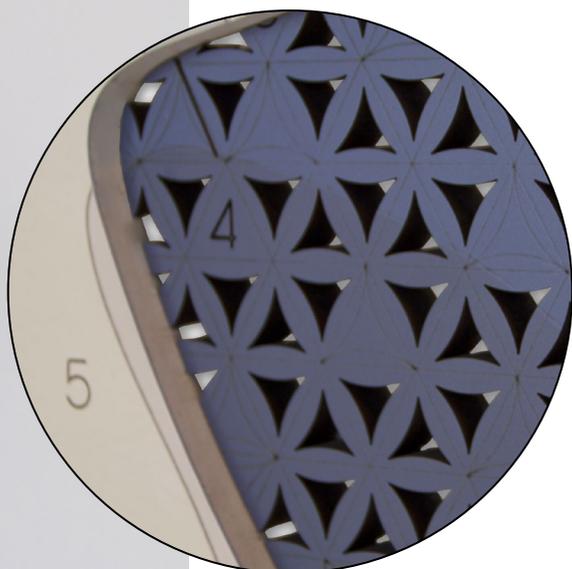

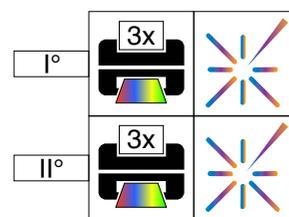

Il packaging realizzato interamente con cartone riciclato e riciclabile, rende l'imballo della linea E-volution totalmente ecosostenibile.

Le creazioni L:A:S realizzate con questa nuova visione, sono complementi d'arredo irrinunciabili per chi vuole arredare i propri spazi portando con sé l'inconfondibile fascino del Made in Italy e rispettando l'ambiente.

QUARANTOTTO

L.A.S

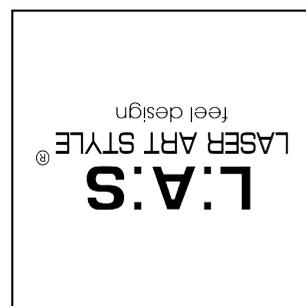

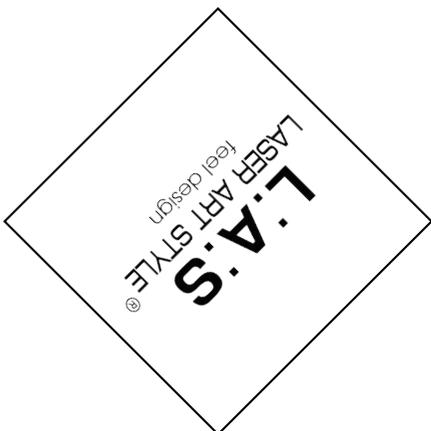

QUARANTOTTO

Si sa, L:A:S ama rompere gli schemi!

E se fino ad oggi L:A:S ha rivoluzionato l'idea tradizionale di quadro, inventando la scultura da parete tridimensionale e sagomata, con questa nuova linea prodotto L:A:S porta di nuovo scompiglio nella forma delle sue creazioni.

Ecco appunto il nome **QUARANTOTTO**.

Tutta la creatività è racchiusa in spazi rigorosi, quadrati, 48x48 e...mai noiosi!

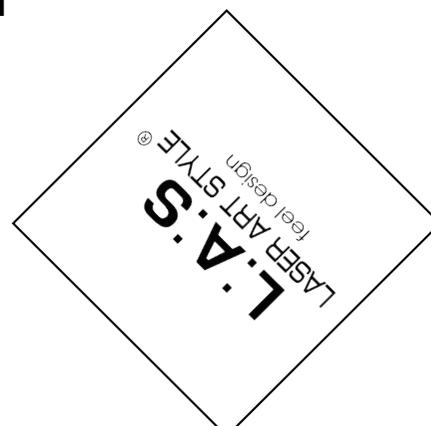

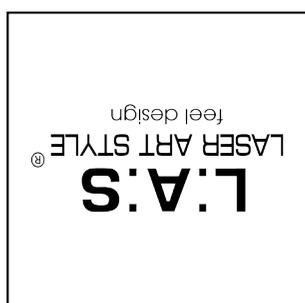

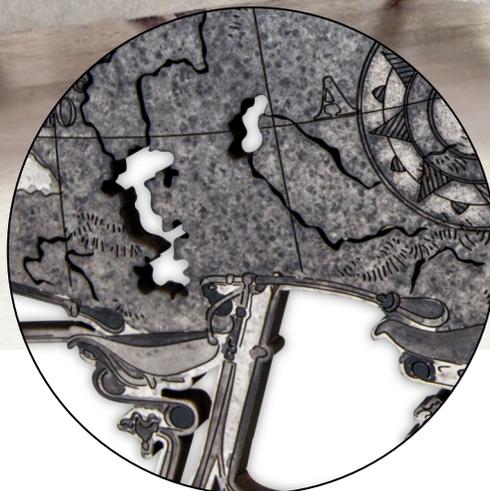

Sta alla fantasia di ciascuno, creare la composizione ideale: elementi naturali, floreali, geometrie, trame e intrecci dialogano armoniosamente tra loro.

Combinazioni da capogiro: dritto, ribaltato, ruotato.

QUARANTOTTO è la soluzione versatile per decorare ad arte le pareti di ogni ambiente, scandire il tempo e creare lussuosi giochi di riflessi.

Non esistono regole. E se esistono, è bene infrangerle!
